**NUTRITION**  
ENGAGE • INSPIRE • INVEST

SUN is a unique Movement  
founded on the principle  
that all people have a right  
to food & good nutrition.

# SUN countries, networks, and partners are striving to build an enabling environment for scaling up nutrition

## Themes in SUN strategy 2016-2020 (abbreviated)

- Policy and budget cycle
- Social mobilization, advocacy and communication
- Capacity strengthening of multi-sectoral, multi-stakeholder platforms and partnerships
- Equity and Gender

# SUN In Practice Brief 5 “From Science to Action”

## Selected insights from country practitioners

- Do not wait for an invitation from policy-makers – scientists are advocates
- Transparent decision-making, good governance and the readiness of policy-makers are key to evidence uptake
- EIDM is a collaboration, a relationship, between researchers and policy-makers that takes time to build
